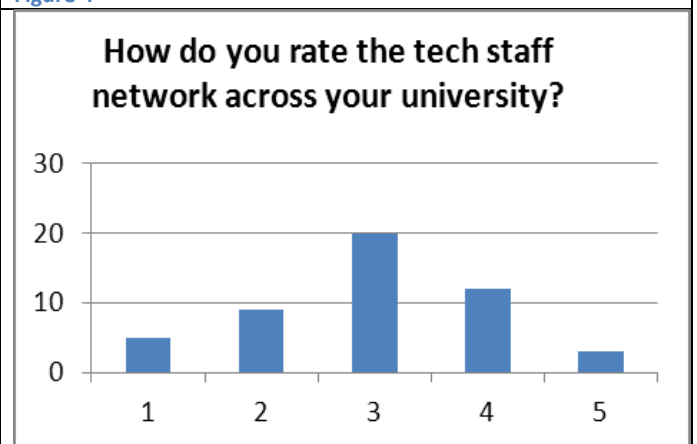

Figure 6

Assuming you did want to attend a TechNet conference, what would be your major hurdle ?

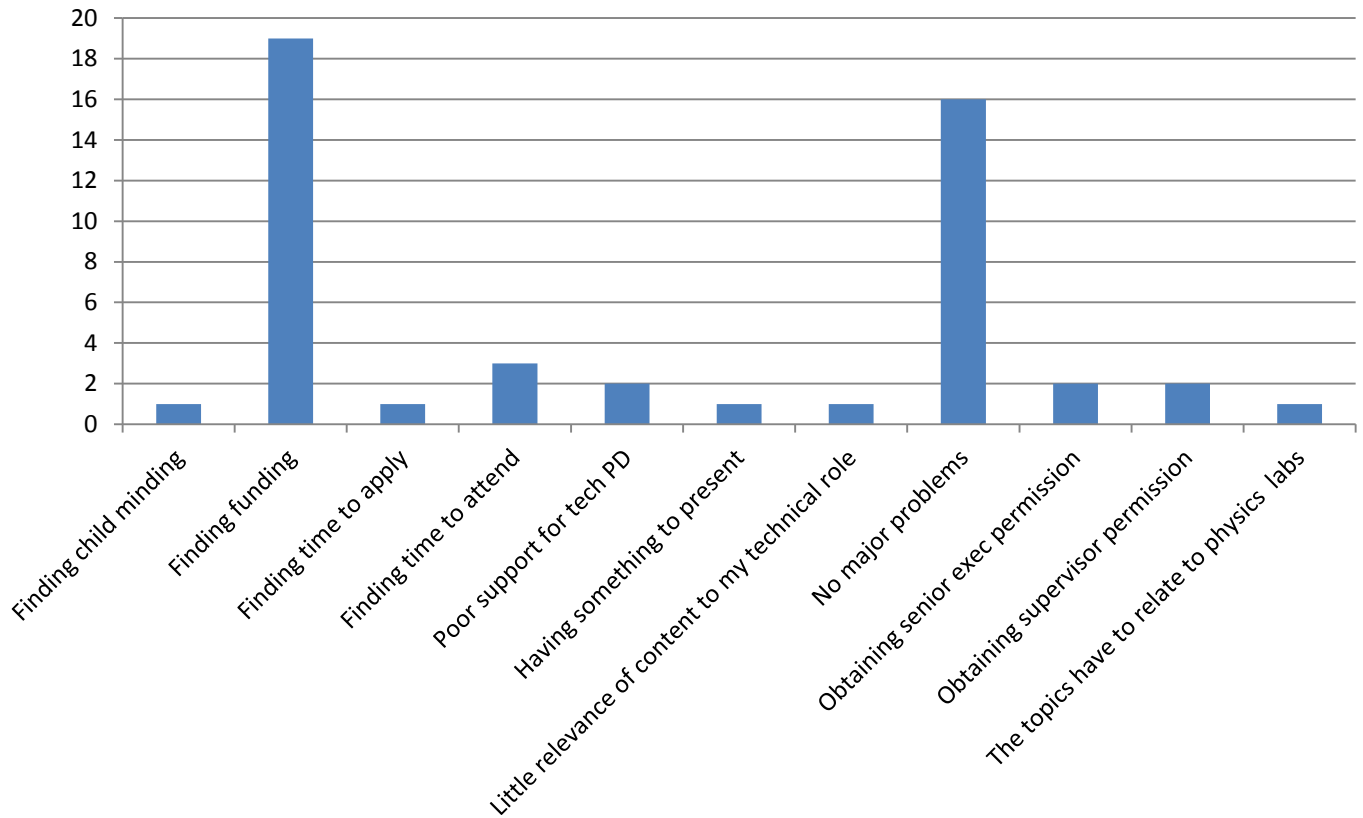

Figure 7

Have you attended any TechNet conferences previously?

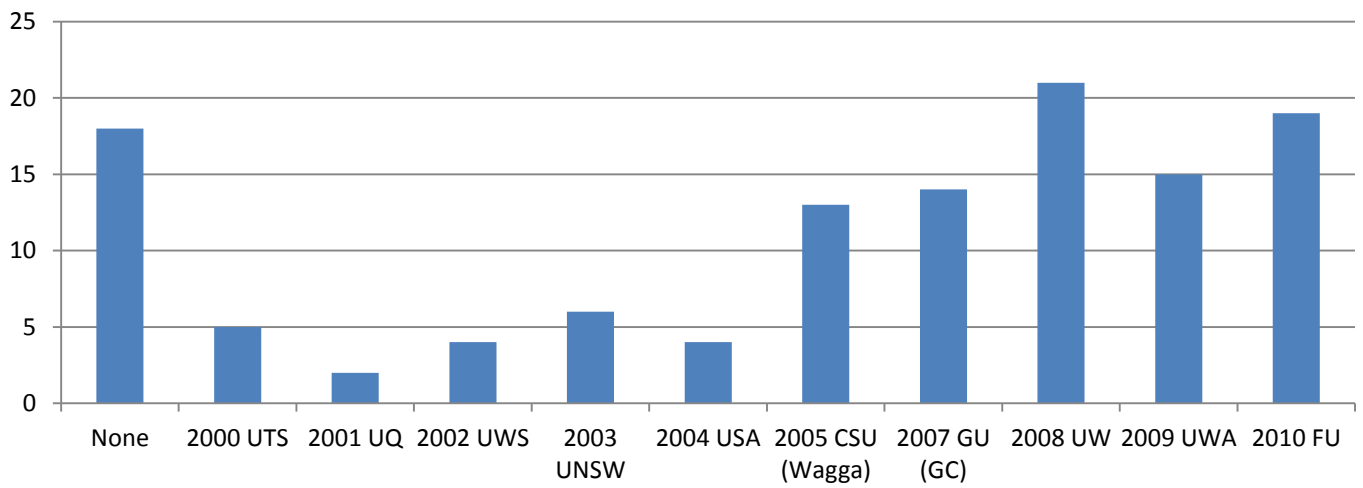

Figure 8

Which institution do you work for?

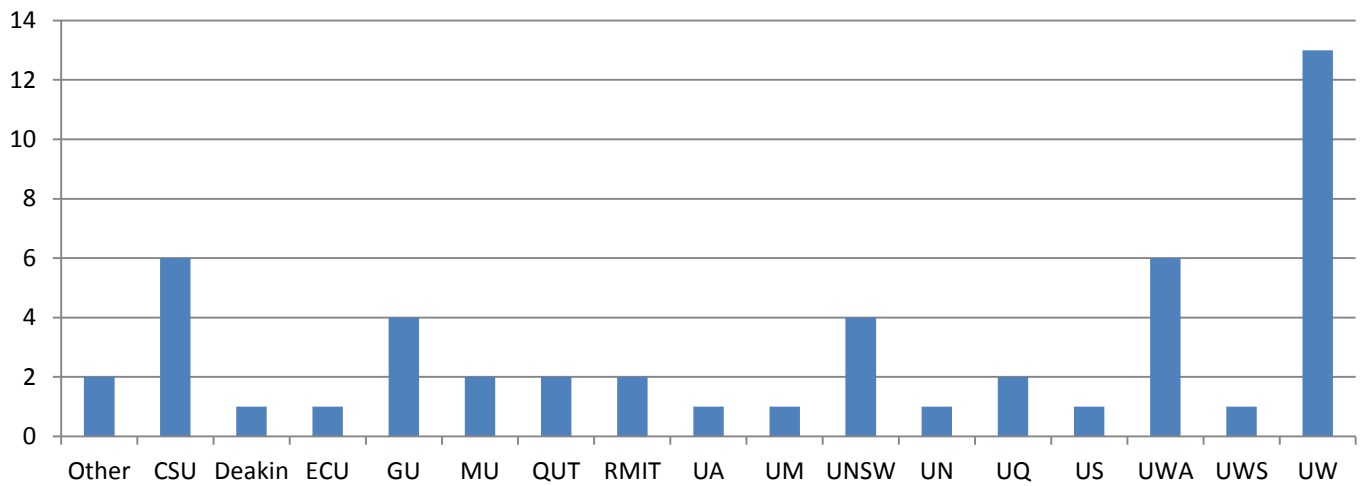

Figure 9

What is the area/field that you predominantly support?

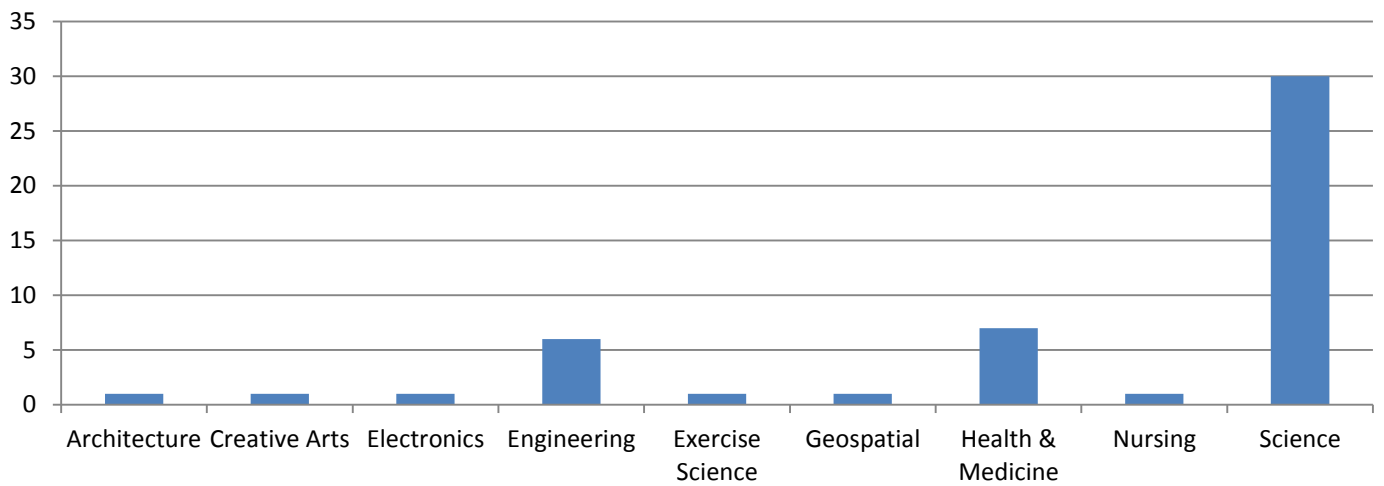

Figure 10

Excluding TechNet, how do you rate the professional development opportunities available to you?

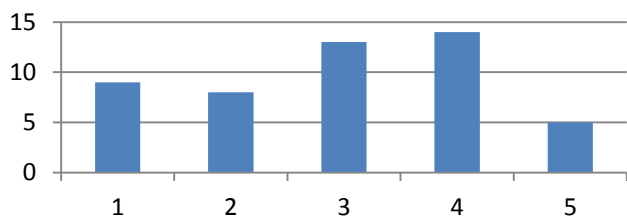

Figure 11

What value do you attribute to these Technet conference elements? [Technical Tours]

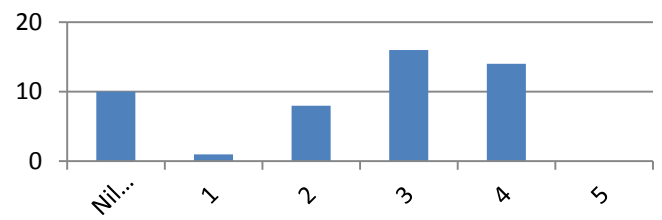

Figure 12

**What value do you attribute to these Technet conference elements?
[Peer Networking]**

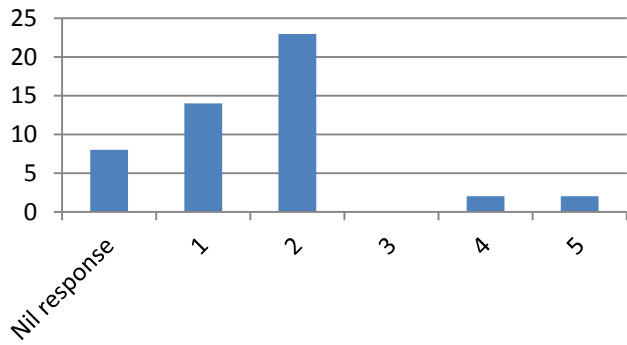

Figure 13

What value do you attribute to these Technet conference elements? [Posters, workshops, presentations by peers]

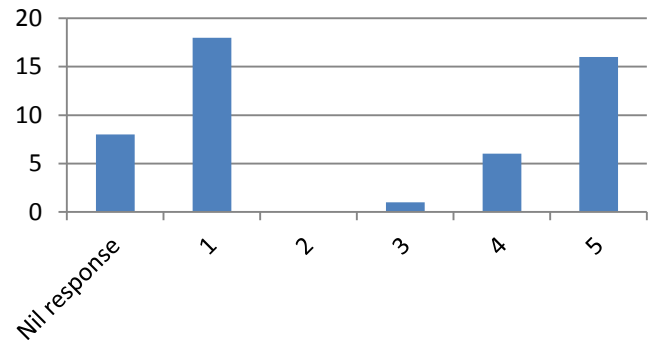

Figure 14

What value do you attribute to these Technet conference elements? [Keynote speakers]

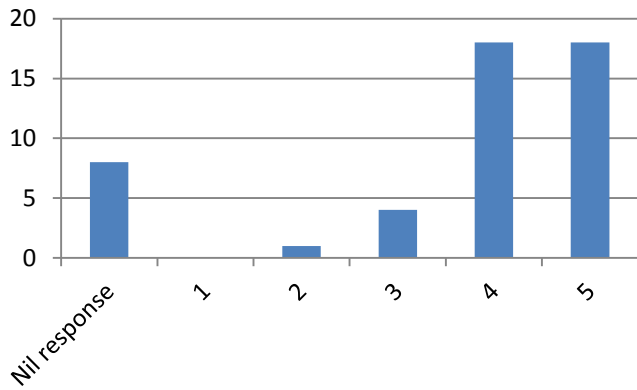

Figure 15

What value do you attribute to these Technet conference elements? [Conference dinner]

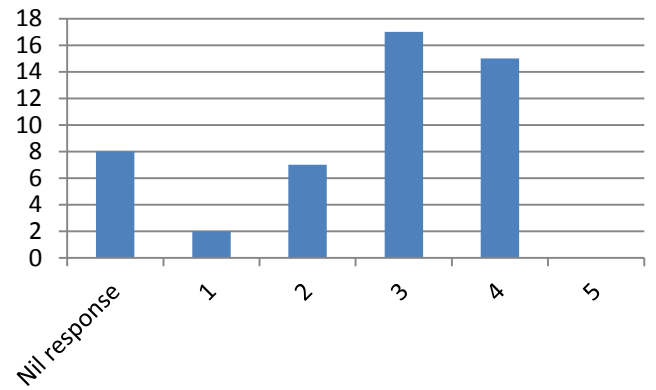

Figure 16

Would you like to see TechNet hosted at your university in the future?

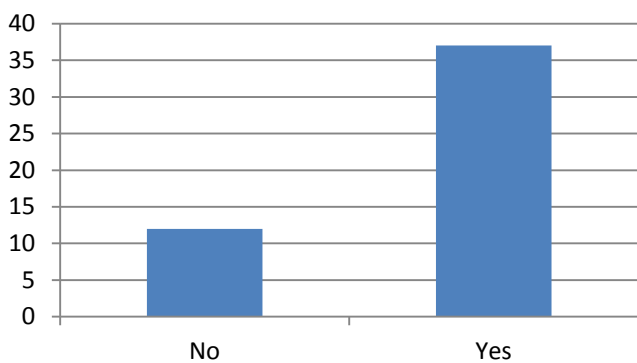

Figure 17

What media would you find useful or appropriate?

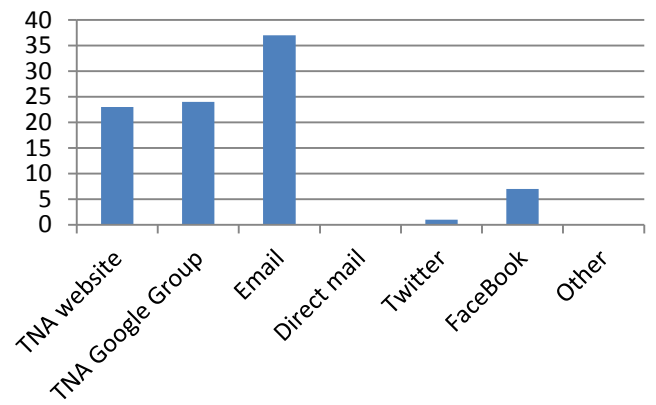

Figure 18

Would you like to see TechNet establish an annual National Award to recognise outstanding achievement within the technical staff community?

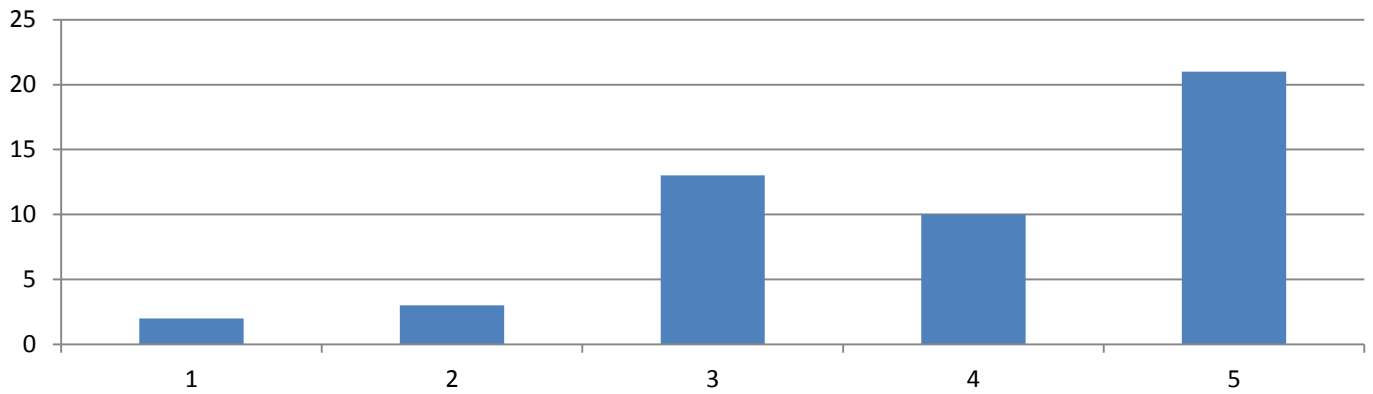

Figure 19

Awards should be:

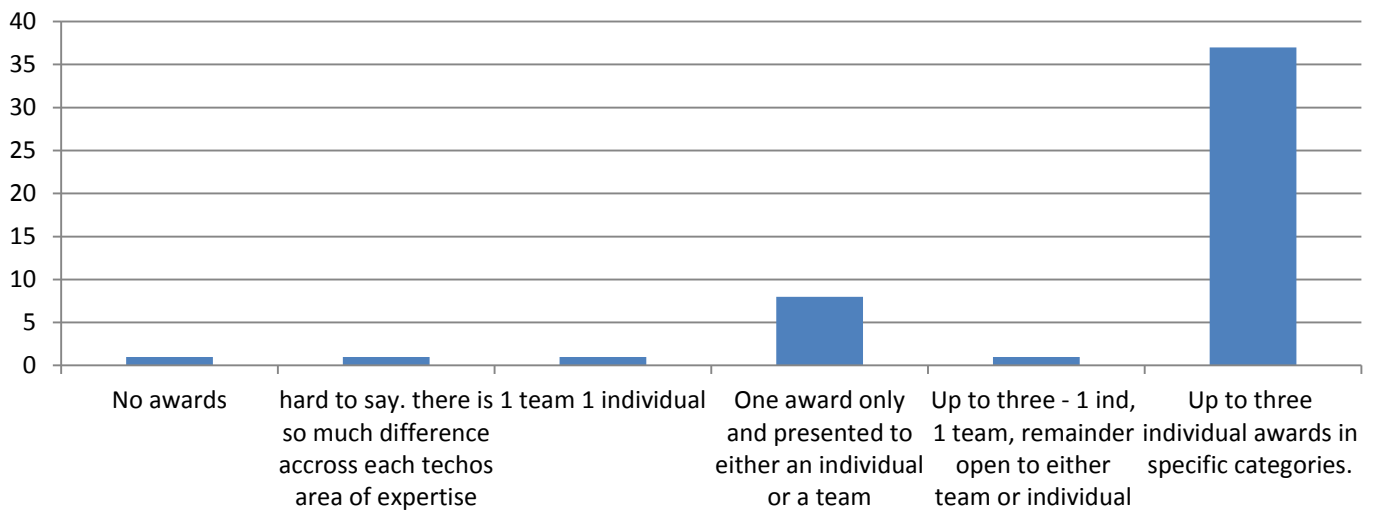

Figure 20

Do you agree that there should be no self-nomination available?:

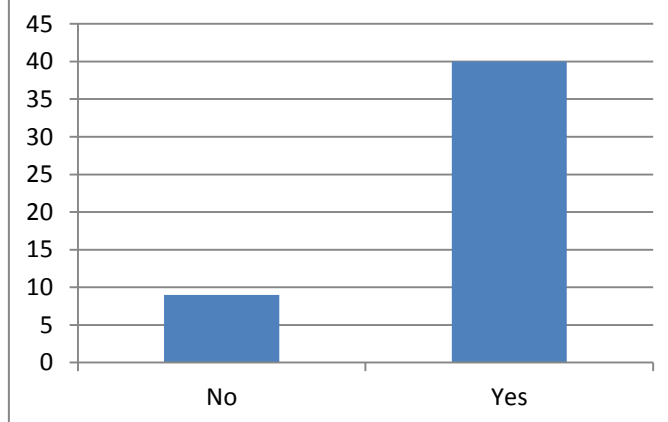

Figure 21

To ensure credibility and impartiality, who do you think should judge any national tech staff award nominations?

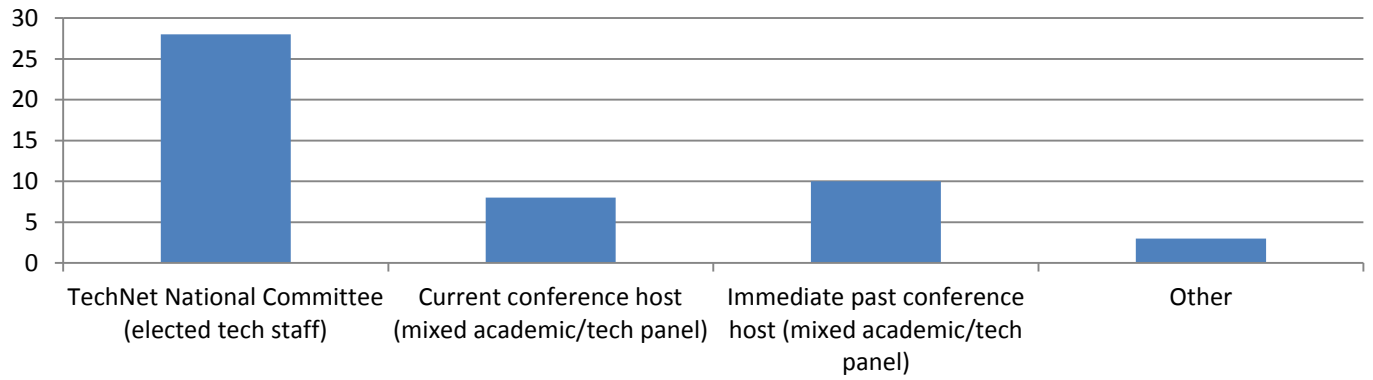

Figure 22

Other comments:

Someone who knows what every tech did - impossible
 The entire technical community
 Mixed tech/academic panel including TechNet Committee

What criteria or categories should be used in assessing an outstanding technical staff contribution?

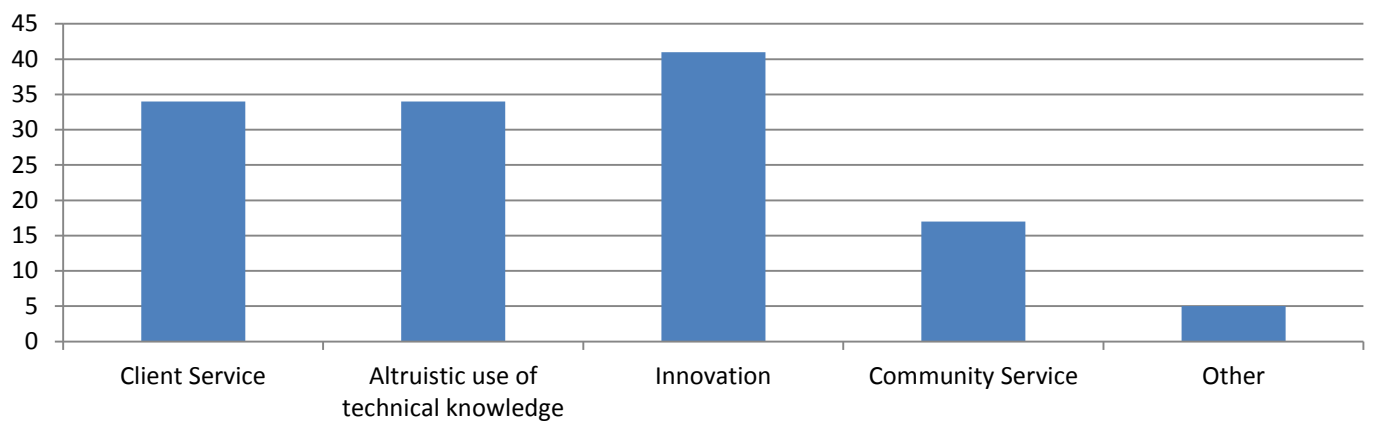

Figure 23

Other comments:

Contribution to student learning involvement in the tech community
 Professionalism
 That is the problem
 Assistance to/collaboration with other institutions

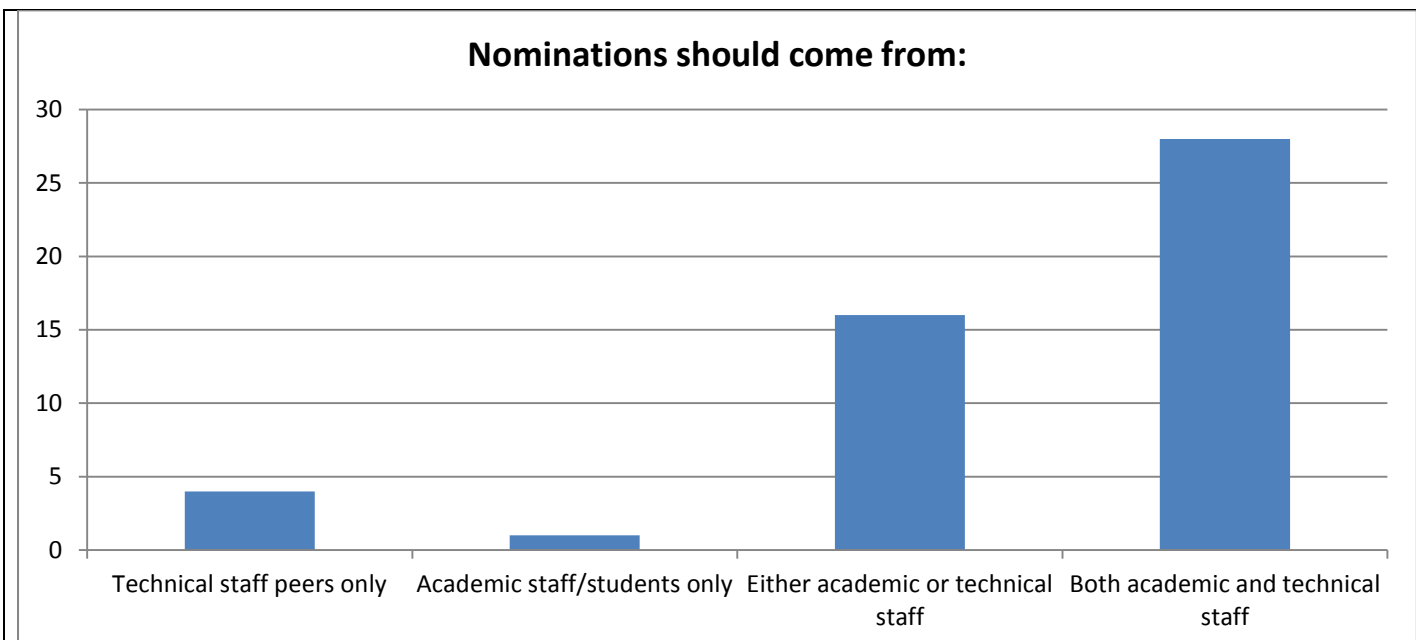

Figure 24

Any general comments or feedback?

The survey is a great idea to keep the ball rolling re technet and its ongoing future

Grow, grow, & grow

How would the technet awards be funded if there was a monetary or prize component?

Keep up the good work. I get a lot from technet

Not sure how this would work as everyone is so diverse.....how could it be judged.....not even sure if I like the idea.....would need to know more.

Sorry, I don't think the awards can ever be fair.

thanx for this initiative

the only reason i would not have a technet 'here' is we are a very small non profit org run through the 4 main NSW universities; we don't have space, time, staff or money. But it would be good to see held UNSW/MQ etc

Contact the Victorian Technet equivalent and see how they do things as I've heard they are very well organised.
